MEMORANDUM FOR: THE DIRECTOR, CENTRAL INTELLIGENCE AGENCY

SUBJECT: Release of CIA Intelligence and Intelligence Information to  
Project SIGMA Contractor

REFERENCE: DCI Memo to ACSI, DA, dated 25 August 1959, subject as above

1. The Assistant Chief of Staff for Intelligence accepts the security responsibility for your documents as specified in paragraph 1B of the referenced memorandum. These documents will be provided the same security protection which is afforded Department of the Army documents.

2. In view of the above, it is requested that you consider the withdrawal of the requirements outlined in paragraph 3 of your memorandum, which would place an undue burden upon Intelligence Agencies of Department of the Army.

3. It is our view that the procedures of the Industrial Security Regulation are entirely adequate for the protection of classified documents in the hands of a properly cleared contractor. Therefore, unless you insist upon our adherence to the provisions of paragraph 3 of your memo as written, we propose to issue implementing instructions to our contractor requiring only that he be prepared to inform you of the individuals who have had access to CIA documents upon your demand as the occasion requires. I believe this course will satisfy your essential requirements and will, at the same time, enable the contractor to get on with the production of programmed sections of the National Intelligence Survey.
